

SCHOOL DISTRICT OF HILLSBOROUGH COUNTY

MIDDLE SCHOOL
MASTER MUSICIAN

Philosophy

The Master Musician program is designed to encourage talented music students to continue their progress beyond the classroom setting. This program gives students an opportunity to receive district level recognition, achieve their highest musical potential and develop a professional portfolio which can be used as an indicator of achievement for college auditions, admissions, and scholarships.

Guiding Your Students through the Process

This director's guide is designed to give you detailed information to assist your students in completing the Master Musician Program. Please follow the guidelines and procedures carefully to insure your student's success. Each item on the application/checklist page must be completed correctly in order for the applicant to be considered for the distinction of Master Musician. The following pages prove more detail. Please use the check lists provided and strive to encourage your students to submit portfolios that are professional in appearance and in content. At this time, plans are to include PDF files on line of this director's guide for your reference.

The Portfolio

The portfolio is the complete documentation of the student's musical and academic success. This will be submitted **ELECTRONICALLY**. All typed and scanned documents **MUST** be submitted in PDF format. Recorded items **MUST** be submitted either as an unlisted YouTube link or sound file (mp3/m4a/WAV). Contents should include, but are not limited to, a **TYPED** resume that includes the information on the application/checklist sheet, performance recordings with electronic copies of all music being performed, concert programs of student's performances, music awards and honors, list of method books studied, and any appropriate inserts that showcase the student's achievements. All submissions must be sent in their entirety in **ONE (1)** email to **mastermusicianhc@gmail.com**. Any portfolio that is missing an item will **NOT** be evaluated. A link to a dropbox folder containing all items is also acceptable (and encouraged).

Master Musician Test (MMT)

The Master Musician Test will only be offered at specific dates throughout the school year. Dates for the test will be announced at the beginning of each school year. All Master Musician candidates must achieve an overall score of 85% or higher. In order to be eligible to take the MMT, students will need to submit their complete portfolio first. A complete portfolio will be your student's invitation to take the MMT. Please note that complete portfolios may need student revisions after being submitted to the Master Musician Review Committee.

Master Musician Awards and Scholarships

All Master Musicians will be awarded a Master Musician Medallion, and their name will be placed in all future all-county programs.

Scholarships are available for summer camp and are only offered the first year a student becomes a Master Musician. Students must request a scholarship by presenting their director with an application for a chosen camp. Directors will be informed of scholarship application deadlines.

All County Participation

7th Grade Students who complete the MM program by the first testing date deadline will participate in All County their 7th and 8th grade year, pending the successful completion of a live audition. 7th grade students who complete their MM program after the first testing date deadline will participate in All County their 8th grade year, pending the successful completion of a live audition.

8th Grade Students who complete the MM program by the first testing date deadline will participate in All County their 8th and 9th grade year, pending the successful completion of a live audition. 8th grade students who complete their MM program after the first testing date deadline will participate in All County their 9th grade year, pending the successful completion of a live audition.

A **successful live audition** is defined as scoring no further than 5 placements below the pre-determined number of students within that specific instrument section.

Master Musician Evaluation Committee

Middle School Portfolios will be evaluated by a committee of two Middle School directors per subject (i.e. – band, orchestra, chorus, piano, and harp). Both directors must approve each portfolio. If there is a difference of opinion, the District Master Musician Committee Chairman will make the final determination.

High School Portfolios will be evaluated in the same fashion as Middle Schools. Two directors per subject will evaluate the portfolio and if there is a difference of opinion the District Master Musician Committee Chairman will make the final determination.

All MM Evaluation Committee Members will be chosen based on their understanding of the Master Musician Program and/or their history of participatory excellence.

Student Expectations

Master Musicians should be a model in musicianship and citizenship that all students would desire to emulate. They must be exemplary in behavior in the class room and in performance. Their leadership skills should be evident for all to see. The school music director must recommend the student for Master Musician based on these traits and the skills exhibited on the Master Musician Test and in the Master Musician Portfolio.

Master Musician Option Page

In addition to the performance portion of the master musician portfolio, the student must select one item from the Option Page.

*a research paper on the student's performance medium (If the student selects this, the student will be evaluated not only on content but also on his/her writing skills.). Proper bibliography must be included.

*concert critique of a live performance using musical terminology (If the student selects this, the student would be evaluated not only on his/her writing skills but also the appropriate usage of musical terms. A program of the performance must be included. See the Concert Critique page for guidelines and length of paper.)

*perform a solo/ensemble for a charitable organization (If the student selects this, he/she would need to submit a recording as well as a letter from the adult in charge or his/her director that was in attendance.) The student may not use a school function for this item.

*original composition (If the student selects this, the student would be evaluated on his/her ability to compose a piece that is musical within basic theory guidelines.) Composition must be at least 32 measures in length.

Concert Critique

Prompted Writing Form

Being able to distinguish between great and mediocre performances requires critical listening skills and practice. The more we know about music the better we will be able to distinguish between great and mediocre. There are several areas that you can use to critique a musical performance or concert.

The submission should include a copy of the program and the type of ensemble performing. IN addition, you may use the prompted questions below to assist you in critiquing the quality of the performance and personal opinion statements on the performance.

Take notes on the concert on this sheet. From your notes, write a one page essay describing the concert.

Expressiveness — Does the performance cause you to react emotionally to what you hear? How does the performer/conductor use phrasing, interpretation or style to create an aesthetic response?

Timbre — What is the instrumentation/voicing used in the performance? Do the sounds that you hear blend to make the performance pleasing to the ear?

Technique — The notes that YOU hear are accurate. Do you agree with the conductor's interpretation of the music including the tempos and dynamics used? Why? Why not?

Presentation — Was the music that you heard appropriate for the venue of the concert? How would you describe the overall concert?

Impact — How does this performance compare to other concerts that you have attended? Did the performance meet your expectations? How did the audience respond to the performance?
